

The 50 MHz DX Bulletin

Volume 11, Issue 9

September 2000

ISSN 1073-1024

The 50 MHz DX Bulletin was founded by Harry Schools K3HS. It is dedicated to the understanding and utilization of long distance propagation in the 6-meter Amateur band. The current editor and publisher is Victor Frank, K6FV. Subscription rates are \$20 U.S. third class mail, \$25 U.S./Canada/Mexico airmail, \$25 by surface and \$30 by airmail elsewhere for 12 issues. Circulation matters and DX reports should be sent to Victor R. Frank, K6FV, 12450 Skyline Blvd., Woodside, CA 94062-4554 USA or to P O Box 762, Menlo Park, CA 94026 USA. My Internet address is frank@horizon.sri.com. The bulletin may be freely quoted, provided that credit is given.

DX Operations

Most of the listings in this column come from *Six Metre Info* by SM7AED.

Cambodia, XU7ABF: Hiro, JA2EZD, made lots of 6m contacts from XU7ABF to JA starting October 3.

Togo, 5V7VJ: A group of German hams put Togo on the 6m map starting October 7. Lots of European contacts, and a few South Americans so far.

Burkina Faso, XT: The same group of German hams that put Togo on the 6m map is scheduled to be in Burkina Faso from Oct 10-15. News at <http://www.qsl.net/dl7df>. Looks like they have been sticking to 50.123 transmit and working split.

Guadeloupe, FG/W: W4WX, W9AAZ, N2WB, and KR4DA plan to be active from Guadeloupe from October 24 to 31 for the CQ WW Contest. Outside the contest, the group may operate 6m; they will have one or two 6m rigs with them. A 5 el Yagi fixed on North America is on one of the towers there. Jon, N0JK, is planning to go to FG later in November to operate from the same site.

Anguilla, VP2EP and VP2EH: W8GEX and AC8G will operate at VP2EP and VP2EH respectively for the CQ WW SSB contest. They will have 100W and a 3 el beam on 6m.

Niue Island, ZK2VF: W7TVF will be active from Niue Island from November 19 through December 10. Although 160/80 m during the grayline, and Europe, Africa, and South America will be given priority, they will operate a beacon on 6m and "QRT on HF until 6m closes" (if it opens).

Marquesas Islands, FO0SIX: Phillippe, FO3BM, advises that he is planning to go to Marquesas Nuku Hiva (location Nuku Ataha near 'Terre deserte' airport). The ten volcanic islands of the Marquesas Islands, which are part of French Polynesia, are mountainous and fertile. The administrative seat, Hakapehi, is located on Nuku Hiva, the second largest island. It has been a DXCC entity since April 1998. Depending on propagation, the date will be anytime between October 14 and 29. He plans to stay at least one week and not more than two. Six meters is the only and unique objective and aim of the trip, and if there is no propagation, he may cancel. He will use his old rig donated by JA1BK 11 years ago for the FO0CW expedition to the Australs and Marquesas Islands, along with a 100W amp and a 5 el beam.

French Australs Islands, FO0SIX: Phillippe, FO3BM, is also planning a future trip to the Australs Islands March 3-18, 2001.

Agalega, 3B6RF: 9A4DU will be part of the DXpedition on Agalega from October 5-22. He will use all his free time there to monitor and work 6m using a FT920 and FT847, 300W amplifier, and 6 el rotary Yagi. Liasson on 28.885.

Vanuatu, YJ: The Prairie DX group will operate from Vanuatu and Efate Is. (OC-035) from November 18-28, around the clock on 160-6m.

Bhutan, A5/JK1AFI: A team of Japanese will be active from Paro, Bhutan October 27-November 3 with three HF transceivers and one 6m transceiver.

Thailand, HS5SEA: Amateur radio on 50 MHz has only been authorized on a special event basis. Tony, HS0/G4UAV, is applying for 50 MHz operation during SEANET 2000 in Pattaya (about 140 km S of Bangkok, DK02) from November 17-19 on the basis that it was permitted in 1992 SEANET.

North Cook Islands: ZK1NJC and ZK1NDK (Op. JI1NJC and JR2KDN) plan to operate from Penrhyn Is. (OC-082) BL11 between October 28 and November 4 on 160-6m. They plan to run a breakable beacon on 50.100. QSX 50.140.

Niger, 5N9EAM: was worked by (mostly) Europeans at various dates between August 31 and October 1. (See listings inside.)

Antigua and Barbuda, V26B: Team Antigua will again activate V26B for the CQ WW SSB contest. There is also a possibility of 6m and satellite operations October 25-November 1.

Palau, T88JJ: Kazuo, JA3ART, worked into JA from Palau on October 7 and 8.

Montserrat, VP2M/W6JKV: K5AND, K6MYC, and W6JKV will operate from VP2M from November 3-19.

Eritrea, E3: The Bavarian contest club plans to be active from Asmara on 160-6m from October 17-November 1.

Oman, A45ZN: Tony Selmes returned to Oman in mid-September for another duty (3-6 months). He hopes to persuade the Omani authorities to make 6m available to all A4 stations. ---Tnx G4UPS

Morocco, 5C8M: The Bavarian contest club will be operating CN8WW for the CQ WW contests (October 28-29 & November 25-26). Before and after the contests they will operate as 5C8M on CW, SSB, RTTY, and on 6m and the WARC bands.

Kingman Reef, KH5K: A group plans to stay 12 days at Kingman Reef where they will be QRV on 160-6m with up to six stations. They leave Honolulu on October 15 and return November 5. In between they will stop at Kiritimati Atoll (Christmas Is.) and Palmyra Is. Expenses for this DXpedition are over \$50,000.

Cape Verde, D44AC: EA8EE and EA8BYG will be active as D44AC from Soa Vicente Is. (AF-086), (HK76KM) Cabo Verde between November 1-8 on 80-6m.

FIELDHUNTER'S LIST

This is a list of radio amateurs' efforts to chase and collect fields (big squares) according to the Maidenhead Locator System. Top Of Europe Contesters (TOEC) is the keeper of lists of standings of grid fields worked by radio amateurs on HF, VHF, and UHF bands.

The latest 50 MHz standings are listed below. In the list, the columns are: Position on list; Callsign; The station's own field; Number of fields worked; and Date last updated.

Readers are reminded that a grid field is a block of 10° latitude by 20° longitude, and is the first two letters of a grid square as determined by the Maidenhead Locator System.

Please send any updates to TOEC Field List, Box 2063, S-831 02 Ostersund, SWEDEN. Fax +46-63572122. Packet SM3OJR @ SK3JR.Z.SWE.EU. E-mail: fieldlist@pobox.com Web page <http://www.pobox.com/~field>

RULES:

1. All fields must have been worked via passive reflectors.
2. All stations involved must be on the earth's surface.
3. QSL cards are not required if you are certain that the other station considers the QSO to have been completed.
4. All QSOs must have been worked from points within a circle of 1000 km radius.
5. There is no starting date for contacts to be eligible.

Fieldhunter's List

August-Sept 00 DX Reports

The following reports of 50 MHz and higher DX propagation are courtesy of JA1VOK, G4UPS, K6QXY, W5UWB, TI2ALF, XE2HNB, WB4WXE, NH6YK, and postings on the Internet. Apologies to any sources I may have inadvertently neglected.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is understood to be 2000. A + to the right of the time indicates the observation was one of several in a time period and is probably later than the time reported. A ~ indicates approximate time. The grid square of the observing station may occur after a > symbol; however a time after > indicates the opening was still in progress at this time. A t indicates tentative identification of a TV station. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, P=PSK31, R=RTTY, S=SSB, T=Television, W=mode not mentioned (or both CW & SSB), H=heard only.
